REPORT NO. [REDACTED]

COUNTRY East Germany

SUBJECT Barracks Installations in Wuensdorf-Zossen

25X1C

1. Attached in the annex is a sketch of the barracks installations available in Wuensdorf and Zossen with data on the utilization of the individual installations. Buildings which are not definitely known to exist also after World War II are indicated by interrupted lines.

25X1X

2. The strength figures stated for individual barracks installations are probably incomplete as they refer only to units confirmed there. *
